Seat for VOLT® harnesses

The seat for the VOLT harness attaches to the designated slots on the harness. It provides additional comfort during prolonged suspension.

Short Description Seat for VOLT harnesses for greater comfort during suspension

Selling Points

- Wide seat for working comfortably during suspension
- Comes with two quick links, and is installed in the designated side slots on VOLT harnesses, to distribute the load between the waistbelt and seat
- Can be used with a spreader bar to create a central attachment point
- Stows easily in the upper position when not in use
- Side equipment loops allow easy organization of work tools

Note: this seat is not compatible with VOLT WIND harnesses.

Specification

- Certification(s): CE EN 358, ANSI Z359.11 and CSA Z259.10 (depending on the VOLT harness used)
- Material(s): polyester, nylon, aluminum
- Weight: 1050g
